

AAA INSURANCE COMPANY

Roadside Assistance Policy Guide

Effective: January 1 – December 31, 2025 | Version 4.2

1. Overview

This document is the official policy for the AAA Insurance Roadside Assistance Program. It covers membership tiers, covered services, claims, exclusions, and provider standards. Services are available 24/7/365 across all 50 US states, DC, and Canadian provinces. In the event of a conflict between verbal communications and this policy, this document prevails.

2. Key Definitions

Member: An individual with an active AAA Roadside Assistance membership, current on all dues. **Provider:** A contracted third-party company that delivers towing, repair, or locksmith services. **Representative:** An AAA internal agent who coordinates logistics, verifies coverage, and handles escalations. **Work Order:** A formal service request with a unique ID tracking service type, status, vehicle info, and communications. **Covered Vehicle:** Any passenger car, light truck under 10,000 lbs GVWR, motorcycle, or eligible RV on the Member's account.

3. Membership Tiers

AAA offers three tiers. Members may upgrade at any time (prorated); downgrades take effect at next renewal. Eligibility requires a valid US/Canadian license, age 16+, current dues, and a qualifying vehicle. A 72-hour waiting period applies after enrollment. Associates may be added at \$26/year.

Feature	Basic (\$56/yr)	Plus (\$106/yr)	Premier (\$169/yr)
Towing Distance	5 mi	100 mi	200 mi
Service Calls/Year	4	6	8
Fuel Delivery	2 gal	3 gal	5 gal
Battery	Jump-start	Jump + test	Jump + test + 1 free replacement
Winch/Extrication	Up to \$50	Up to \$100	Up to \$150
Trip Interruption	None	Up to \$600/yr	Up to \$1,500/yr

Feature	Basic (\$56/yr)	Plus (\$106/yr)	Premier (\$169/yr)
Key Replacement	None	Up to \$60	Up to \$150
Lockout / Flat Tire	Included	Included	Included
RV/Motorcycle	None	Motorcycle	RV + Motorcycle

4. Covered Services

Tow Service

Vehicle transportation to a repair facility or Member's destination within the tier distance limit. Excess mileage costs \$5/mile, disclosed before towing begins. Equipment includes flatbed (required for AWD/4WD), wheel-lift, and dolly tow. A second tow counts as a separate service event.

Technician Service

On-site diagnosis and minor repair: jump-starts, tire changes, lockout assistance, fuel delivery, fluid top-offs, and basic electrical diagnostics. If the issue cannot be resolved on-site, the work order converts to a Tow at no extra service event cost. Target response: 30–60 minutes.

Battery, Lockout, Fuel, Tire, and Winch

Battery jump-starts are included in all tiers; Plus/Premier add diagnostic testing, and Premier includes one free replacement per year (up to \$175). Lockout service uses non-destructive entry methods. Key replacement covers standard keys up to the tier limit. Fuel cost is paid by the Member at local prices; EV members receive a tow to the nearest charger instead. Flat tire changes use the Member's spare; no spare means a tow. Winch service applies within 100 feet of a paved road up to the tier limit.

Trip Interruption (Plus/Premier)

When a disablement occurs 100+ miles from home and same-day repair is impossible, eligible expenses include lodging (up to \$150/night), meals (\$50/day/person, max 2), and transport (\$75/day). Receipts required within 72 hours.

5. Work Order Lifecycle

Status	Description
Pending	Created, awaiting Provider dispatch.
InProgress	Provider assigned, en route or performing service.
Completed	Service confirmed done; work order closed.
Cancelled	Cancelled before completion by Member, Rep, or system.

6. Claims and Reimbursement

Most services are billed directly to AAA. Members who paid out of pocket may submit a claim within 60 days with a completed Claim Form, itemized receipt, and disablement description. Claims are processed in 10–15 business days via check or direct deposit. Denied claims may be appealed.

7. Exclusions

- Commercial vehicles (taxis, rideshare, delivery) unless under the Commercial program.
- Vehicles over 10,000 lbs GVWR without the Premier RV add-on.
- Disablements on inaccessible private property, or caused by intentional acts, racing, or off-road use.
- Pre-existing known mechanical conditions; services outside the US/DC/Canada.
- Exceeding annual call limits. Additional calls: \$75 each.
- Storage, impound, tolls, parking fines, and environmental cleanup costs.

8. Provider and Member Obligations

Providers must hold required licenses, maintain \$1M auto and \$500K liability insurance, acknowledge dispatches within 5 minutes, arrive within ETA (15-min tolerance), and maintain professional conduct. Three or more late arrivals in 30 days may result in suspension.

Members must provide accurate disablement details, remain with the vehicle when safe, ensure access for the Provider, present valid ID, authorize excess charges, and treat Providers with respect.

9. Disputes, Privacy, and Contact

Disputes: Contact Member Services for informal resolution (5 business days). If unresolved, submit a written appeal to the Appeals Board within 30 days; decision issued within 20 business days. Binding arbitration is available as a final option.

Privacy: AAA collects personal, vehicle, location, and payment data solely for service delivery and legal compliance. Data is never sold to third parties. Work order records are retained 3 years; payment records 7 years. Members may request data access or deletion via the Privacy Office.

Channel	Details	Hours
Emergency	1-800-AAA-HELP	24/7
Member Services	1-800-AAA-MEMBER	Mon–Fri 8AM–8PM ET
